

Load Cell Central

1-800-LOADCEL

Industrial Low Capacity Crane Scale

Model: CSM3

Ranges from 220 to 2,200 lb. (100 to 1,000 kg)

The model: CSM3 crane scale is designed for low capacity industrial applications such as under hook crane load weighing to material testing. With easy to read 0.9" LCD display with backlight, the weights can be easily read indoors or outdoors. The CSM3 crane scale is battery operated and can be easily recharged using the internal charger by simply plugging it into a 110VAC outlet.

Capacities: 220, 660, 1,100, & 2,200 lb.

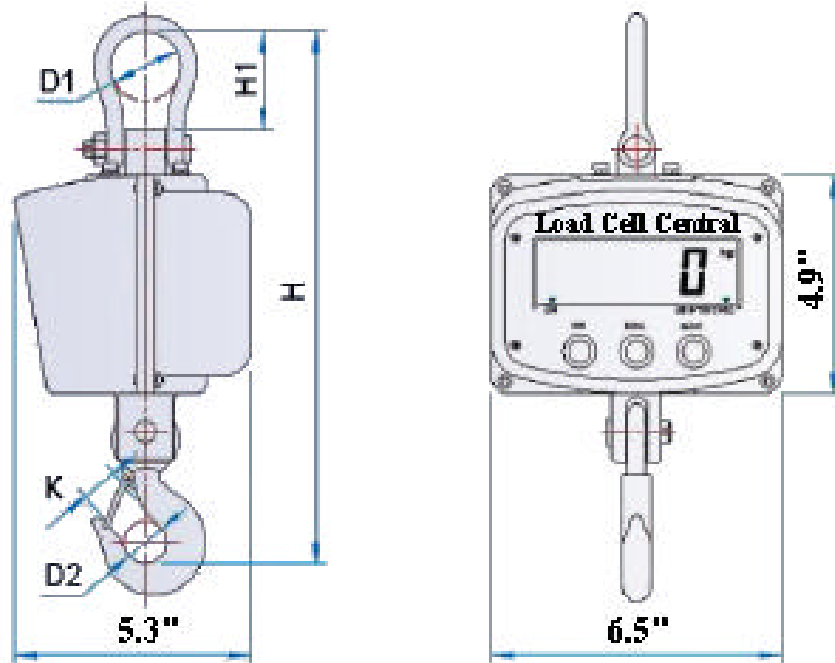

- Good dynamic weighing performance, not affected by swaying action
- High internal resolution of 1,000,000 counts for reliable stability
- LB/KG selectable
- Auto shutoff function
- Auto recording of 13 latest weight data, and data retained at power off
- LCD display with backlight
- Rugged ABS enclosure
- Displayed battery voltage
- 40 hours of continuous working time per recharge (without backlight)
- Optional Tare/Zero
- Optional remote controller (on/off, recall, zero, & backlight)
- Optional Pelican® carry case
